President Steve Shepard & First Lady Cheri, led us on a Corvette Cruise to Oregon City.

(formally Bloomingdale) Oregon City is an old mining town that was established in the autumn of 1848, by Oregonians. The area was originally a mining camp during the California Gold Rush, but once the gold dried up, the area became a ghost town. A few people still live in the surrounding area. The Oregon City Schoolhouse, built during the gold rush with a couple of actual, original school desks are inside.

Student Cheri

if you pass notes, you stand in the corner !

Turning in homework.

Waiting for recess.

TOO COOL FOR SCHOOL!

When entering and exiting Oregon City, there is a BEAUTIFUL COVERED BRIDGE. A video of the Corvettes driving through is available to view on our Facebook Group Page.

The day was perfect for a visit to OROVILLE DAM

AFTER THE CROSSING THE DAM AND CHECKING OUT THE SPILLWAY

We were off to Bangor to purchase bakery goods at the Bangor Bakery & lunch at Feather Falls

THANK YOU, STEVE, FOR A GREAT DAY!
